ERNST & FRIENDS
empower your business

MOVEMENTS INDIVIDUALIZED

ERNST & FRIENDS provides top movements as well as assembling and surface treatment services (e.g. engraving, rotor printing) from one source.

Assembling

- Pre assembling of assemblies and case components
- Assembly of dials and hands
- Testing of power reserve indication
- Testing of water resistance

Surface Treatment

- Laser labeling
- CNC engraving
- Handmade carvings on main plates, bridges, balance bridges and rotors
- Thermal blueing of screws
